

WHICH FIREWALL SOLUTION IS RIGHT FOR YOU?

DO IT YOURSELF

FULLY MANAGED

Security Expertise

IT teams often have **competing priorities**, therefore can't dedicate time or resources to stay up to date with the latest security practices or certifications.

Competing Priorities =
no security focused expertise in-house

Security is always our top priority. Building IT security solutions is the foundation of our business. We have architected and implemented the latest security solutions for our clients.

Focused on building **best of breed** security solutions

Support & Monitoring

Incidents always happen at night or on the weekend. To get 24x7 support you would need **two dedicated engineers**, rotating shifts, 7 days a week.

Monday - Friday **8am - 5pm**

Our fully managed FWaaS solution is backed by **dedicated Network Operations Center (NOC)**, while still giving your team system access for complete control. Our geo dispersed team is monitoring your firewall 24 hours a day, 365 days a year!

Extension of your IT team **24x7x365**

Upfront vs Monthly Investment

Basic Firewall hardware requires an upfront investment and doesn't include installation, licensing, ongoing support, etc.

These solutions aren't H/A or include dedicated security experts available 24x7x365 to support, monitoring and refresh.

Upfront Investment of Firewall Hardware by Business Size:

Small Business Estimated Pricing - **\$8,000+**
Medium Business Estimated Pricing - **\$25,000+**
Enterprises Estimated Pricing - **\$90,000+**

Our Fully Managed FWaaS **provides customers an OpEx option and includes enterprise hardware, licensing & support** from dedicated security experts 24x7x365.

This does not include data center connectivity or IP addresses. On-premise solution also available.

Monthly Investment of Fully Managed Virtual Firewall by Business Size:

Small Business Estimated Pricing - **\$50/mn**
Medium Business Estimated Pricing - **\$325/mn**
Enterprises Estimated Pricing - **\$1,200/mn**
